Patrick Swanson

UX Design and Research, Conversation Designer

Patswancreations@gmail.com • swansonux.com • linkedin.com/in/swansonux

EDUCATION

DePaul University – *Chicago, IL*
Master of Science, Human-Computer Interaction, Graduated 2024
Coursework: User Research Methods, Prototyping, Usability Evaluation, Accessibility

Milwaukee School of Engineering (MSOE) – *Milwaukee, WI*
Bachelor of Science, User Experience and Communication Design, Graduated 2020
Minor: Psychology
Coursework: Web Design, Human Factors in Engineering, Global UX, UI Design, Agile Project Management, UX Research

PROFESSIONAL EXPERIENCE

PolyAI – New York, NY & London, UK (Remote) **April 2025 – September 2026**
Dialogue Designer / Agent Designer

- Design and implement voice AI agents for healthcare clients end-to-end, architecting complex conversation flows and custom Python solutions within PolyAI's Agent Studio.
- Own the full agent lifecycle from requirements through deployment, collaborating with cross-functional teams to deliver agents handling thousands of inbound calls while refining performance based on real customer interaction data.

Warner Bros. Discovery (WB Games Boston) – Needham, MA (Remote) **2022**
UX Designer (Co-op) for Game of Thrones: Conquest

- Designed and prototyped game features in Figma, collaborating with cross-functional teams to deliver improvements including highly requested player features.

3Data – Austin, TX (Remote) **2019**
UX Design & Research Intern

- Designed and tested platform features, developed user personas, and created wireframes.

SKILLS
